

## OPTIONAL MODULE WEB-PAYMENT

The Web Payment optional module is a service for Gespage account reloading via a customized and secure Web page

### Key points

- ✓ Have an online shop open 24/24 and 7/7.
- ✓ Accept credit cards and online ways of payment without purchasing equipment.
- ✓ Monetize the service without risk linked to cash management.
- ✓ Less staff for commercial operations.
- ✓ Easy modification of the tariffs and discounts granted.

## Functioning of the solution

The Web Payment interface may be customized with the colours, logos and messages of your structure.

On this site you can buy credit to refill your account balance.  
Choose deposit value below.

Buy Condition/rule

[Read the rules.](#)

Item no	Description	Price
10	Refill account with 10.00	10,00EUR

I have read, and accept the rules to refill account.

- ✓ From the Web interface, the user has access to a dedicated and secure commercial platform (https format) offering various reloading amounts of his account with possible discounts.

The user follows a standard and secure procedure of Internet payment accepting credit cards via the Ingenico ePayments gateway or PayPal.

Shop	Cartadis
Order no	gp4_v.delautre@cartadis.com34643
To pay	<b>10,00 EUR</b>
Tax	1,64 EUR
